

Lesson Policy

Lesson Types & Payment

Students may purchase and schedule lessons by the hour, half-hour, or by bundle. Each lesson bundle comes at a 10% discount and includes a free monthly goals consultation and inclusion in the quarterly student showcase.

Individual lessons are offered on a first-come, first-served availability, and can be scheduled through the Improving Arts Academy website.

Lesson bundles include four credits students may use to schedule lessons within a forty-five day period. Students will receive their individualized lesson code via email to redeem at the Improving Arts Academy website. Students are responsible for using lesson credits to schedule lessons based on instructor availability. Absence Policy

Students failing to arrive at their scheduled appointments will be considered a “no-show” and no rescheduling or refunding will be available.

Instructor Availability

All lessons must be scheduled through the Improving Arts Academy website. Students may choose the instructor with whom they wish to study based on instructor availability. In the event that an instructor must alter a lesson date or time, an attempt will be made to reschedule the lesson. Alternatively, students may be offered the opportunity to work with another instructor for the originally scheduled time. In the event that neither of these options accommodate a student's needs, a refund will be issued for any missed lessons.
